

Letter 460  
**Now I Can See For Miles**  
*(Well, Sort Of)*  
2016-04-05

Dear Dan,

**Monday, 4 April 2016, 6AM.**

A week ago this evening while at work Jesus said He would remove the spirit cataracts that had formed over the eyes of my spirit man. These appeared as a direct result of conflict with the Two Archangels of Hell, Uday & Qusay, in the spring of 2014. See Letter 243a Volume 5-14.

He said that He would remove them in three days, on Thursday 31 March, at midnight.

So, when I got to work Wednesday I was watching the clock off and on until midnight. I wasn't really feeling much anticipation. A few weeks earlier I had requested prayer at the Healing Rooms about this matter. During the course of the prayer, (C10) said the words "something like cataracts" being in the way, referring to the loss of vision in my eyes. The Lord gave him the exact words to describe what I had been sensing.

I remember that not long after I was blinded I was at home in the kitchen with angel Gabriel. He was standing in the corner right next to the refrigerator. When I closed the door, I tried to see him in the spirit. I felt my eyes activate, but it seemed as though there was something in the way. So I stopped trying at that time. I think the Lord gave me the knowledge and the peace to wait until the right time. But He also gave me His word that I would see again.

At midnight I was cleaning a room, and within seconds I tried to see with the eyes of my spirit man. And true to Jesus own Word, I could tell they were working, and that the cataracts had been removed. Thank You Jesus.

But I didn't see anything in the spirit to speak of. I knew my eyes were working, but I just didn't really see the way I thought I would. Instead I could feel a strange sensation in and around my physical eye sockets when I tried to see with my spirit eyes. This told me that my spiritual eyes were triggering. Since then I have learned that in order to complete the healing process they need to be exercised in small increments. Like Neo after being freed from the Matrix, I require specialized vision therapy, since I haven't really used my spirit eyes on my own for a long time.

What I found interesting is that every once-in-a-while the Lord would by-pass the cataracts and send the video feed directly to the spirit version of my visual cortex, like He did in Letter 451 Volume 6.

But it's one thing for me to be shown something by the Lord. It's another thing for me to see something on my own, with my own eyes.

The Lord has delegated to angel Maiah the vision therapy that I now need. She and I will take whatever steps the Lord shows her in regaining my eyesight. We praise You Lord God Almighty, for You are trustworthy, and true to Your word. Amen.

Blessings...
