

Letter 478a
"I'm Glad You're Here"
2016-09-11

Dear Dan,

Sunday, 11 September 2016, 5AM.

What I am about to record happened at (G6), sometime during the graveyard work-shift on Tuesday, 31 May 2016.

I was walking down a corridor to my work area. I had to pass through an automated door. After "badging" through, the doors started to open. Another staff member, a Lady wearing a white clinicians jacket, was on the other side waiting for the door to open. We started to walk past each other when she stopped and turned toward me. And with a big, bright smile she said these words to me:

"I'M GLAD YOU'RE HERE. YOU'RE MY ANGEL IN DISGUISE".

I nodded and smiled back at her as we both continued on our separate ways. Now, I can say I had never knowingly seen or interacted with this "stranger" before.

But I sort of knew why it occurred.

It had been my personal position for the almost 15 years that I have working at (G6) that I hated it there and wanted to leave. And with my upcoming scheduled 90 day leave of absence I was eagerly looking for my "escape" from what I had often referred to as "Abu Ghraib Prison".

This Lady was bringing a message to me from Jesus saying how much He valued my employment at (G6), and that my work there was like that of one of His angels. Or, who knows? Perhaps the Lady in the White Coat was the Holy Spirit Himself, coming "in the flesh", and bearing the Word of God. It wouldn't be the first time I have met the Lord while He was "pretending" to be human.

So, I can find some solace in God's perspective regarding my ongoing tenure at the Hospital that I help to keep clean.

Blessings...

R. C. Theophilus
