

Letter 480a
Find The Cost of Healing
Part 2
The Inquisition
 2016-06-10

Dear Dan,

Sunday, 29 May 2016, 6AM.

Thursday, 5 November 2015 was our first visit to Issaquah Healing Rooms. I filled out the requested questionnaire, and then sat down to wait for my turn to be prayed for.

I was asked to join some people in the front in a semi-circle of chairs. I met (C9) and assistants. One of their prayer associates is (C10). I had listed three things I wanted to have prayed for. All three were pain issues related to my ongoing physical deterioration from the Motorcycle wreck documented in Letter 261 Volume 5-14. One was the ongoing pain in my left foot. The other was some lower back pain. And the third was the nerve pain describe in Letter 413 as *"... though someone has an ice pick and is probing and irritating a certain nerve deep inside my right hip area"*.

But in the process of my explaining what I needed prayer for something strange occurred. (C10) began asking me questions that I thought were not very relevant to being prayed for.

One of the questions he asked was, of the three things pains I mentioned;

"... which one would you like to have prayed for?"

I thought to myself;

"Why do I have to choose? Pray for all three!"

But I did not go there to argue, so I mentioned my right hip pain.

He also asked me a question that went something like:

"WHAT DO YOU HAVE FAITH FOR?"

I wasn't really prepared to be put on trial (or "inquired" of), so I thought for a second, and then said the truth:

"I HAVE FAITH FOR EVERYTHING".

After that he prayed for my right hip pain. But I could also tell that angel Gabriel was standing right next to (C10) and was praying for me as well, superimposing his hand on top of (C10)'s.

Then on my next visit to the Healing Room I saw (C10) limping around on crutches. I asked him what happened. He informed me that he had injured his ankle and would require surgery. At that moment I knew it was the Lord who injured His ankle, and why.

Blessings...

R. C. Theophilus
