

Letter 480c
Find The Cost Of Healing
Part 4
God Loves Issaquah
2016-06-10

Dear Dan,

On Thursday 26 May we visited the Healing Rooms in Issaquah. As we entered into Issaquah proper, I was gently reminded by the Holy Spirit of how much God loves Issaquah and all of its inhabitants.

Then a little later, this reminder came to memory when I was praying with the prayer team. I took the opportunity to pray for Issaquah, for the Chinese Church, and for China. This was at the leading of the Holy Spirit because He knew that after this I would have to address an outstanding injustice against the Chinese People in Issaquah.

We had been visiting the Healing Rooms fairly regular since we started late last year, so I was getting pretty well known by the prayer ministers. I had been taking copies of selected Letters To Daniel with me to have some of the more painful memories prayed for that were documented in the respective letter.

This time was no exception. I brought a synopsis of Letter 337 Volume 5-15 with me. This is the letter that speaks of the Lord healing my own person by restoring 10 years of youth that Satan stole from me.

Our prayer session included the Pastor's wife, (C12), and (C10). After I entered the private prayer room they said that they had prayed for wisdom for my request, which they had reviewed privately a few minutes earlier.

I prayed a little first, then, (C12) thanked the Lord for my prayers for Issaquah, and the Church. (C12) prayed an exhortation toward the positive in asking the Lord to have me be made aware of "familiar spirits down to the molecular level", a topic I have been thinking a lot about recently and of which I have already covered to some degree in the Letters. (C10) then prayed for the Letter contents.

After the prayers were over there was a little time for further ministry such as Words of Knowledge, etc. It was at this point that a spiritual fissure was revealed in and through (C10). He began to chide me a little in a "passive/aggressive" spirit, then said these words:

"DON'T BITE OFF MORE THAN YOU CAN CHEW".

Essentially the position that (C10) took with that kind of statement was one of defeat rather than victory. In fact, if someone tries to serve me a mediocre dish of "half-way", I don't listen because it doesn't agree with what the Lord had already given me. Absolute victory.

It would have given me reason to agree if (C10) had said something like “go for maximum victory”.

Instead, what (C10) was trying to give me was an exhortation to the NEGATIVE, rather than encouragement to the POSITIVE.

Very soon after this I observed the time on my watch and made indications that I had to go to work, which was true. I shook everyone’s hand and said, “God Bless You All” as I left the room and went out to my car.

Any personal responses to (C10)’s position I saved for the Lord Himself and my Angel Crew after we left and got into the car to leave.

It was a few days after this session at the Healing Rooms that I had the dream documented in Letter 479 Volume 6, and some further substantive dialogue with angel Gabriel after that. That’s when I worked on the research that revealed the attack on the Chinese Workers.

It seems that the “I.S.S.” devil has been able to achieve a great deal of power in the Issaquah Valley from that initial confusion of Justice. He is a master of arguing from both sides of an issue, and then of getting people to accuse each other from those arguments, and can manipulate people’s own thoughts in such a way as to make them believe they have arrived at a rational conclusion, when in reality their thoughts are based on irrationality. He has been able to influence some of the Churches in the Valley over the years in much the same way.

The next Letter will contain the Prayer that will terminate the terrorism of the Issaquah Shape Shifter forever.

Amen.

Blessings...

R. C. Theophilus
