

Letter 496a
DREAM
This Is What WON'T Happen
2016-08-17

Dear Dan,

Wednesday, 17 August 2016, 5PM.

About a week after returning home from surgery (see Letter 489 Volume 6) while I was waking up from sleep, I had a dream.

I DREAMED THAT:

I became aware of a cloud of demonic spirits. They had both faces and bodies of human embryos that had been aborted. They were all singing in unison the most awful and sick chorus that one could ever hear.

Together, they sang the following words:

“WE ARE ABORTED BABIES, AND
WE’RE GLAD WE WERE ABORTED”.

END OF DREAM.

I woke from this dream feeling worse than I did when I woke from the dream in Letter 482 Volume 6. I was both drained of energy and traumatized.

It took me at least a week to recover from this dream. In the midst of the week, one night I awoke briefly from my sleep. I became aware that my left arm was raised off the bed, and an angel sitting next to me administering special medication that was healing me from the trauma of this dream.

Later, upon inquiry of the Lord Holy Spirit, He said that what I had been made aware of in the dream was a sample of a doctrine of demons that Hell had planned for the future, specifically for those who agreed with abortion. This plan was just one example of all the plans of hell for the future that were stopped by the Lord God Almighty at the end of 2015 (see Letters 414 and 430 Volume 5 and 431 Volume 6).

Blessings...

R. C. Theophilus
