

Letter 498
In Closing
2016-08-04

Dear Dan,

There is so much more that I have to communicate, some of which is already written down. But when the Lord Holy Spirit said that we would go no further than 499 in our Letters to you, it actually made sense, considering the Number 9 is a prominent number in my testimony.

Later the Lord showed me how I could continue to write and express my life to Jesus, thereby actualizing in writing His work in me, and making a record of my testimony so that others might benefit.

There will be only one more letter after this one. It will be a special Letter, certifying the authenticity of all the Letters I have written to you.

The prophetic declaration you and the Lord made over me while visiting me in the Hospital is more valuable than I could say.

It has been my privilege to know and work with you. Any further thanks I will reserve for after the Rapture.

Be blessed. We are loved.

See you later.

P. S. "SHINE ON YOU CRAZY DIAMOND".

Blessings...

R. C. Theophilus
