

Letter 501
TURNGPT 08
Seattle Worships Jesus
2016-08-27

Dear **Jesus**,

Tuesday, 23 August, 2016 8PM.

I wanted to say "Thank You" for arranging for me to go the Bethel Worship Nights celebration at the Paramount Theater in Seattle last Sunday night.

The Lord Holy Spirit said before we left that this would be another Turning Point (see Letter 431 Volume 6).

This became very apparent to me when I found a parking stall easily like the Lord said I would, and that another Christian lady parked in the stall next to mine, and that the Theater staff were so kind to me and the other disabled people.

Then, I found out that the people who sat next to me were the Worship Leaders from a Church up north in Snohomish, so that was cool.

And after leaving and thinking about a letter title, the phrase Seattle Worships came to mind. Later I added Your Name, and we then had a Letter title.

After getting home from the concert I was very sore. Gabriel said that it was caused mostly by my interceding for the City and the Concert. The rest of the soreness was because I was sitting (and standing) for too long.

But this event is special. I suppose that everything that You created is special to You in some way or another, but sometimes there is a time-stamp that becomes prominent. This year so far there have been eight time-stamps, that, like the bus system, provide a benchmark of accuracy that says all things are happening how and when they should.

This time-stamp, or Turning Point, is one of those, and is special. See photo 1, photo 2, photo 3.

Blessings...

R. C. Theophilus
