

Letter 505a  
**Angel John**  
2022-05-25

Dear **Yeshua**,

**Wednesday, 25 May 2022. 10:04AM**

I am not exactly sure when the following event(s) took place, but I am sure that it was around the time of my spine surgery.

Sometime in 2016, in the late summer when I was still recovering from my spine surgery, I had occasion to visit a Church (U19) for some special meetings.

Later on I sent a personal Letter to the Lead Pastor of the Church.

Here is a redacted transcript of that Letter.

**BEGIN TRANSCRIPTION:**

**5 November 2016**

**To:** Pastor (...), (...)

**From:** (...) / (...)

**Subject:** MY TESTIMONY (see Revelation 12:11)

Dear Pastor,

Something rather remarkable happened in my backyard a little over three years ago. Since then, even more remarkable things have occurred.

My day-to-day life schedule makes regular church attendance rather difficult in my life. I work the "graveyard" shift (see Psalm 134), and my wife and I are both disabled. So, I have had limited occasion to share my testimony.

Also, some of the things I have to say would have branded me a "heretic" in ages past, and I would have qualified to go the way of Joan of Arc, i.e. burned at the stake.

But after hearing some of your own testimony on YouTube, it seemed that you might well understand some of what I have lived.

I have visited (...) on a few occasions, and if I make it in person again, will have handed this Letter directly to you.

Most of my entire testimony I have published at this URL: [www.letterstodan.com](http://www.letterstodan.com). Additionally, enclosed with this letter are two letters of referral.

My hope is that you and I can become friends, and share a meal together some time, and talk about Jesus.

Blessings...

**P. S.** On my first visit this year to a revival meeting, I had the distinct honor to meet the angel you know as “Breaker”. We talked for a while in the lobby. Later on he said his name is John. “Breaker” is his job description. His name is John. Angel John “The Breaker”.
