

Letter 523
DREAM
The House of Lilith
2016-10-05

Dear **Yeshua**,

Tuesday, 4 October 2016, 6AM.

Last night before waking up I had a dream. I awoke feeling tired and drained of energy, yet well-rested as if I had slept well, which I had.

I DREAMED THAT:

I was with a family up north of where I live who had recently moved out of a house. They were happy to see me, and the wife insisted that I stay and join them for a meal, and then to visit afterward.

I remember that they had some real good lemonade or iced tea, which the wife served in a pint size glass mug that looked like a mason jar with a handle on it.

We got a long real well, and I felt real good being with the family, but I knew that I was going to have to leave pretty soon.

So I said my goodbyes to the family and gave a brotherly hug to the husband.

The next thing I know, I am standing outside of a house in front of a window just to the right of the front door. I know in the dream that this is the same house that the family I was with had just moved out of.

I then see the figure of a woman come up to the window and look at me. I could see that her face had white facial cream or makeup over most of her skin.

She then opened the front door and asked me to come in. I entered and before I could ask she said:

“MY NAME IS LILITH.”

I followed her into the house proper and noticed there were stacks of boxes here and there, as if the previous occupants who I had met earlier had left them there, not wanting to bother taking them to their new home.

There was one stack of three boxes that drew my interest, but before I could investigate further, I woke up.

END OF DREAM.

After waking up and having breakfast and coffee, I did some research and began my usual analysis of the dream.

Wikipedia.com reports the following about **Lilith**:

*"In Hebrew-language texts, the term **lilith** or lilit (translated as "night creatures", "night monster", "night hag", or "screech owl") first occurs in a list of animals in Isaiah 34:11, either in singular or plural form according to variations in the earliest manuscripts. In the Dead Sea Scrolls' Songs of the Sage the term first occurs in a list of monsters. In Jewish magical inscriptions on bowls and amulets from the 6th century CE onwards, **Lilith** is identified as a female demon and the first visual depictions appear."*

Scripture says this about Lilith:

Isaiah 34:14 (ESV Strong's)

*14 And wild animals shall meet with hyenas;
the wild goat shall cry to his fellow;
indeed, there the **night bird** (h3917) settles
and finds for herself a resting place.*

Strong's Hebrew Definition of LILITH:

h3917. לִילִית lîlyîṯ; from 3915; a night spectre: — screech owl.

AV (1) - screech owl 1;

"Lilith", name of a female goddess known as a night demon who haunts the desolate places of Edom might be a nocturnal animal that inhabits desolate places.

Later on at work as I was thinking, the Lord began to explain the meaning of the dream.

The family that I was with were some angels that were representing human families who I had helped to liberate from witchcraft. They had been living in the House of Lilith until they had been liberated and given the means to move out.

In the second part of the dream, the Lord took me to the House of Lilith, so I could see what kind of deceiver she is.

I felt drained of energy when I woke up because just being in the house of a High Order Spirit of Witchcraft is a wrestling match in itself. But I emerged the Victor, because of one reason:

"GREATER IS HE WHO IS IN ME, THAN HE WHO IS IN THE WORLD"

The phrase above is referring to Jesus.

Anyway, last night I also had one of the most pain free nights since returning to work from surgery. Thank You Jesus a whole lot for that. I am grateful.

Blessings...
