

Letter 531
A Notepad and Pencil
2016-10-24

Dear **Yeshua**,

Some time ago I began the habit of carrying a notepad and pencil around with me wherever I am. This is so I can write down any “scraps of information” that Jesus might send my way at any given moment.

I do the most note-taking while I am at work. This is because I have ample time to think about things Jesus says while I am working.

Quite often these momentary fragments are the result of conversations I have with the angels Yahweh has sent to be with me. Please permit me to relay a portion of a recent “mind-meld” dialogue.

I was thinking about all that is happening regarding how much deliverance is going on at present, what with immobilizing Satan, and then sending Michael the Archangel to remove the rest of his fallen angels.

While I was considering this matter, I think it was angel Gabe who said these words in my hearing:

“JESUS DOESN’T WANT HIS PEOPLE
TO HAVE TO CONTEND WITH THE ENEMY.
HE WANTS THEM TO BE FREE
TO WORSHIP THE LORD GOD ALMIGHTY.”

I wrote down what Gabe said just as seen above (but in lower case).

I have to restrain my own heart at this point, because I am listening to Bethel praise music (Our God Reigns) as I write this, and I would like to get a little demonstrative both about what I am writing and hearing.

And then there is the Peanut Butter Lady. I will talk about her in the next Letter.

Blessings...

R. C. Theophilus
