DREAM
"You May Need This"
2017-03-19

Dear **Jesus**,

Friday, 17 March 2017, 6AM.

The last Tuesday at about 5:30 PM I woke from a dream.

I DREAMED THAT:

I was in a meeting room with some people. We were waiting for others to arrive so that the meeting would commence.

Just then then The Man who was my Immediate Supervisor, came up to me and, communicating with me telepathically, handed me some papers and informed me that I needed the information that was on the papers.

I already had some papers in my hand, so I added what He gave me to with what I already had.

END OF DREAM.

Now, as I am sure You already know, my Angel family and I have a daily routine of watching TV together while I eat dinner. This includes the Lord Holy Spirit, who localizes His presence in the form of a Woman, and who I call Mom when He is appearing in this manner.

One of the things that the Lord stipulated awhile back was that if I wanted to watch any episodes of X-Files, the rest of immediate Family had to be included. There are times that I want to be alone when I eat dinner, so that means I (actually we)* have to watch something else.

This last weekend, 11 and 12 March, the Lord Holy Spirit began to impress upon me that there were still some wounds from the Viet Nam War that needed to be healed in the Church. He did this through giving me visions of my being with two certain Pastors to whom who I was explaining some of the ongoing sorrows left in the Church from the controversy surrounding the Viet Nam War.

Then, in this dream, He appeared to me as Assistant Director Skinner, who, in the X-Files TV series, is the Immediate Supervisor to Special Agents Mulder and Scully, who investigate anything that is otherwise unEXplainable to the FBI.

Then, the next day at dinner time while we were watching X-Files (season 3, episode 21 Avatar), a scene emerged where A.D. Skinner is explaining to Agent Mulder some of the horror he witnessed along with a para-normal experience he had as an 18 year old soldier in Viet Nam. I knew then that this was the information on the papers that the Lord gave to me in the dream on my previous sleep cycle.

*Actually, in my case it's always "we", since I am never really alone. Angels Gabriella, Gabe, and Maiah are always with me and never leave my side.

Blessings...
