

Letter 578d
DREAM
Wrestling Down The Queen of Porn
2017-03-19

Dear **Jesus**,

Friday, 17 March 2017, 6AM.

A few days ago I awoke from a dream which left me having very sore shoulders.

I DREAMED THAT:

I was traveling in Earth-space in a Spirit-space Four Wheel vehicle of some kind. I had a destination that I needed to get to, but the only path of travel would take me onto and across a Field owned by a Lady who produced pornography.

Driving my vehicle up to the entrance to the field, I looked across the gate onto the field and saw a variety of fully nude young women, laying on the grass in a variety of suggestive poses.

I drove the vehicle through the gate and proceeded in the direction that I knew I must travel.

The next thing I know I am standing in the House of the Porn Lady, which is Located in the Town of (L12). She greets me, and she and I start talking with each other. I then leave both her and her house, and go out onto the sidewalk along the street, where I happen to meet a Friend and Brother (CB49), who also lives and works in (L12), and who I hadn't seen in a few years. I prophecy to him that he was going to meet a Lady, and I warned him that she was the Producer of Pornography.

Then, the Porn Lady came out of her house and approached (CB49) and me on the sidewalk, where we were still standing. The Porn Lady began to speak with us, wanting us to believe that we were already familiar with each other, were real good friends, and had already known each other for a long time.

All the time that we were talking I was experiencing subtle feelings of appreciation and affection for the Lady of Porn, which had first started when I was in her house, and continued during our conversation outside.

END OF DREAM.

After waking up my shoulders were very sore, but I knew this would wear off fairly quickly. After inquiring of the Lord about the nature of the dream, He explained things this way.

My shoulders were sore because while I was having the dream I was wrestling with the Fallen Angel who the Holy Spirit referred to as "The Queen of Porn". The detail of the dream was given by the Holy Spirit so that I would understand what I had to achieve in order to wrestle this evil spirit into destruction.

Later on at work angel Gabriel remarked that the “Queen” had been taken into custody and thrown into The Pit, and reminded me that this is what happens to all enemy spirits that I come into contact with. I have become the last stop for them. After me, they are taken into custody and get “Grilled and Pitted”. The Grid has been established over the entrance to The Pit, so that any spirits cast therein are effected by the Whole Council of God according to Scripture. See Letter 65 Volume 1 and Letter 572 Volume 7.

Blessings...

R. C. Theophilus
