

Letter 584  
**DREAM**  
**Daniel on TV**  
2017-04-16

Dear **Jesus**,

**Sunday, 16 April 2017, 10PM.**

Earlier this week I had a dream.

**I DREAMED THAT:**

My wife (M) and I were together in the Living Room of a House in the City where she grew up.

The TV was on, and there was a show being broadcast. This was an older Cathode Ray Tube analog type TV which was set in an Elegant Wooden Console, making it a very nice piece of furniture.

On the screen was the face of my friend Dan, to whom these Letters were first written.

Dan appeared younger, and he was speaking True Things in a Gentle Voice. I observed that as (M) would move around in the Living Room, Dan would turn his head accordingly in order to continue facing her.

I was telling (M) that she should listen to what Dan was saying.

**END OF DREAM.**

Blessings...
