

Letter 588
Operation MIPS For May Day
2017-05-01

Dear **Jesus**,

Monday, 1 May 2017, 4AM.

This last Friday at work I saw an article in the Seattle Times newspaper regarding the May Day celebration, or protests, which will be occurring in the area today.

But during the work shift, the Lord Holy Spirit started to explain how You were going to shut down the Spiritual Rulers of Darkness of the Darkness of May Day, by having us declare and enforce a MIP action (see Letters 406 and 407 Volume 5-15), against those evil spirits over the weekend.

So, we worked up the MMIP control form, and then the Lord gave to us the idea that we could audio record the MIP. We did this, and yesterday at about 7am we went up to PriaseTree and presented the Declaration in Your presence to the Leaders of Satan's resources over the May Day celebration.

Below is the actual transcript, along with a link to the audio version.

You will not retaliate in any way, either directly, or indirectly, against anyone or anything, because of this action.

This order is immediate, and irrevocable.

Regarding line 8, they all chose to leave, rather than be loved (see letter 65 Volume 1, and Letter 411 Volume 5-15).

Wikipedia.com says this about May Day:

International Workers' Day, also known as Labour Day in some countries,[1][2] is a celebration of labourers and the working classes that is promoted by the international labour movement, socialists, communists or anarchists and occurs every year on May Day (1 May), an ancient European spring festival.[3][4] The date was chosen for International Workers' Day by the Second International, a pan-national organization of socialist and communist political parties, to commemorate the Haymarket affair, which occurred in Chicago on 4 May 1886.[4] The 1904 International Socialist Conference in Amsterdam, the Sixth Conference of the Second International, called on "all Social Democratic Party organisations and trade unions of all countries to demonstrate energetically on the First of May for the legal establishment of the 8-hour day, for the class demands of the proletariat, and for universal peace." [5]

Being a traditional European spring celebration, May Day is a national public holiday in several European countries. The date is currently celebrated specifically as "Labour Day" or "International Workers' Day" in the majority of countries, including those that didn't traditionally celebrate May Day. Some countries celebrate a Labour Day on other dates significant to them, such as the United States, which celebrates Labor Day on the first Monday of September.

Blessings...
