Dear **Jesus**,

**Saturday, 20 May 2017, 7PM.**

Last night at (G6) it was exceptionally busy during the work-shift. There was a case in one of my Operating Room's which was scheduled for 8 hours, but went to 14. Typically, the longer a case lasts, the more blood I will find spilled on the floor and other surfaces. This was no exception.

Then, while that was going on, I was called away to clean up a spill in a patient room on another floor.

When I arrived at the patient floor the first time, there were assigned Hospital Staff still in the room caring for the Patient. So, I went back to the OR to continue cleaning until the patient room was cleared out enough for me to clean up the spill on the floor.

When I got back to the patient room, the last Nurse was just finishing up.

I pushed my cart into the room, and with the patient, a man, still awake, started to clean the affected area.

After I was finished, as I was pushing my cart to leave I asked the man:

"IS THERE ANYTHING ELSE YOU NEED?"

Immediately, with a forceful tone in his voice he responded with:

"YOU CAN GET ME A NEW KIDNEY!"

At that point I knew it was the Lord Holy Spirit directing the conversation.

With a more lowered voice the man went on to list other ailments he wish he didn't have.

I responded that I could pray for him. And later on I said Jesus would heal him.

He talked some more, sharing how he had been a motocross rider in his youth (the man looked to be in his 60s, and was missing his left leg), and a bicyclist.

I listened for as long as I could, then apologized to the man saying I had to get back to work.

But just before I left, I took off my work gloves and offered my hand to the man. When he took my hand in his I said:

“GOD BLESS YOU SIR”.

Then I returned to the Bloody OR to finish the job.

On the way back I prayed that You would give the Man everything he needed to be healed.

As I write this the Lord has been saying that there were many issues which had been addressed and dealt with during this one incident.

I will describe these by the numbers.

1. THE FREEDOM TO SPEAK FREELY: Many years ago the Hospital instituted a policy which required Environmental Services Personnel (i.e. Janitors) to verbally engage patients in rooms being cleaned using a pre-formatted script. This meant that we could not speak freely, but were required to use only those words given to us by Management, which at the time was Satan, Hermes, and the Environmental Manager (P7). (P7) was fired almost almost a year ago, so he is no longer at (G6) to enforce this. Neither is Satan or Hermes. They were also fired. See Letters 214 Volume 4, 526 Volume 6, 567 and 570 Volume 7. The Freedom to Speak Freely has now returned to (G6).

2. THE LIBERTY TO LOVE: I broke hospital policy when I took off my gloves and shook the man's hand, in that I failed to use hand sanitizer first, and that skin-to-skin contact is ill-advised in any event for fear of cross-contamination. I broke the Law of Man in order to fulfill the Law of the Kingdom, which is to Love my Neighbor, in this case hand to hand contact, which, when accompanied by the Presence and Anointing of the Holy Spirit, speaks Volumes of Love. The Liberty to Love has now returned to (G6).

3. THE NAME JESUS: This speaks for Himself.

4. THE BLESSING OF GOD: Being able to say to a Patient “GOD BLESS YOU” under any circumstances is clearly a Blessing. The Blessing of God has now returned to (G6).

I also witnessed the man massaging his brow and head with his own hand while he was verbally re-living his history in my presence. When I saw this I knew exactly what was happening. This was one or more of his own Angels taking his physical hand in their spiritual hands and providing comforting thoughts as he remembered his past. I know this because the same thing happens with me all the time.

Thank You Jesus for Kicking Satanic Butt and clearing the way for the Kingdom of Heaven to expand into (G6) in ever increasing measure.

Amen.

Blessings...

R. C. Theophilus
