

Letter 595  
**The United States Lands In Israel**  
2017-05-24

Dear **Jesus**,

**Wednesday, 24 May 2017, 12AM.**

My angel family and I were watching TV this last Monday morning at about 2AM as Air Force One touched down in Israel, part of a Multi-Nation tour of Good Will.

As we watched, I saw the President and First Lady of the United States descend from Air Force One and then walk along the Red Carpet along with the other dignitaries to the raised floor from which the Official Communications would be heard.

We watched the speeches of Welcome by the Israeli Officials, and the Acceptance speech by President Trump, and I could tell that this event was very pleasing to Yahweh.

But as we were watching, I was also remembering a previous speech made by the President which had occurred a day earlier in Saudi Arabia. Please allow me to quote three small sections of that speech made by President Trump while he was being hosted by the Saudi Government:

*"I stand before you as a representative of  
the American people to deliver  
a message of friendship and hope and love."*

*"Terrorists do not worship God; they worship death."*

*"Drive them out.  
Drive them out of your places of worship.  
Drive them out of your communities.  
Drive them out of your holy land.  
And drive them out of this earth."*

President Donald J. Trump  
21 May 2017  
Riyadh, Saudi Arabia

As I write this Letter, the Lord Holy Spirit is informing me that these words of President Trump were also Your words being spoken to the World and the Church. I also find it interesting that the word "drive" was used Five times, which is both the Scriptural number of Grace, and the number of the Perfecting Gifts given to the Church.

During the course of the live broadcast we also interceded for Mr. and Mrs. Trump's marriage. Signs of strain became evident when Mr. Trump attempted to take Mrs. Trump's hand in a show of unity. But it was clear when she brushed her husband's hand aside that the unity Mr. Trump sought from his Wife was not being well received at that moment.

After the speeches were over, I turned the TV off and went about doing other things. Our intercession for Mr. and Mrs. Trump's marriage was effective, but also exceedingly painful. I will document this in the next Letter.

Blessings...

R. C. Theophilus
