

Letter 605
DREAM
Janitorial Business
2017-07-06

Dear **Jesus**,

Saturday, 8 July 2017, 9PM.

This last Thursday (6 July) just before waking at about 5:30PM I had a dream.

I DREAMED THAT:

I was with my Wife, a Young Man, and a few Other People. Initially we were all inside Private Vehicles parked at a Parking Lot. The Other People were in their Own Cars, while my Wife, the Young Man, and I, were all inside my car. The Parking Lot was adjacent to and served a Home Office complex situated inside of a House which had been converted to Office Space use.

I was there to offer a Bid for Janitorial Service to the Office Owner for routine cleaning maintenance of his Facility. The Young Man was with us because I was considering hiring him to work for the Janitorial Company which I co-owned with my Wife. If everything worked out in our favor, he would be hired and assigned to that Job.

The next thing I know my Wife, the Young Man, and I are inside the Home Office. There was another Man inside who appeared to be in his mid-forties, who was owner of both the House and Business, and was considering hiring our company to perform the cleaning services.

After some initial negotiation with The Owner, I submitted my Contract Proposal. Then my Wife, the Young Man and I went back outside to our Car to wait for the Business Owner's response.

I could tell that the Young Man was very happy at the prospect of working for our company and being part of Maintaining the House of the Owner.

END OF DREAM.

Blessings...
