

Letter 609  
**DREAM**  
**Revealing the House of Deception**  
**and**  
**The Fake Holy Spirit**  
2017-07-29

Dear **Jesus**,

**Saturday, 29 July 2017, 7PM.**

Today I slept in three stages, having dreams in each stage.

But after waking from the last dream at about 5:30PM and inquiring of the Lord, I discovered that in all three dreams I had been in the same place. It was in the second dream that I saw, heard, and remembered the details, of which I now write.

**I DREAMED THAT:**

Someone who indicated that they were the Holy Spirit led me into a building which had the furnishing of a commercial kitchen, complete with stainless steel sinks and counter tops.

The voice of this spirit then said that angel Gabriel had been mis-behaving and needed correction from God. His corrective action was that Gabriel was to stay submerged in a sink full of water for a period of time.

As we walked by the sink I saw just below the surface of the mirky water a figure of someone. Then I reached my hand down toward the water surface, and while I did that the figure raised up a hand out from the dishwasher. We shook hands and I said, "hello Gabriel", wanting to console him in his correction.

But while I was shaking his hand, I continued to peer into the mirky water to see if it was truly Gabriel. I saw an arm, but then I also saw what appeared to be a bare turkey wing. I thought this awfully strange for someone who I thought I knew well.

Then the spirit led me into another room where there were different stations for making espresso coffee drinks and adult beverage cocktails. Each station had a human looking fallen angel making up fresh beverages for customers.

**END OF DREAM**

This dream was at about 3:00PM. After waking up I became aware of how sore I was in my shoulders, so much so that I asked (the real) angel Gabriel to come into my bedroom and massage my upper arms, neck, and shoulders.

While I was inquiring of the Lord Holy Spirit about this dream, I began to realize that the whole thing was a fraud, including the deceiving, **fake** holy spirit who was trying to give me comfort me while leading me from room to room in the dream.

I knew after waking that the people and narrative being explained to me in the dream was all wrong, and as I began to write this Letter, the Lord informed me that this is a first in a series of revelations on how to detect and resist the **House of Deception** and the **Fake Holy Spirit**.

P. S. I asked the Lord if I could write, “destroy”, rather than “resist”. He said, “No”, but then said that the destruction will come later.

Blessings...

R. C. Theophilus
