

Letter 621
DREAM
Removing The Prince of Homosexuality
2017-09-14

Dear **Jesus**,

Wednesday, 13 September 2017, 9PM.

On Wednesday, 6 September 2017, I had a dream just before waking up around 6PM.

I DREAMED THAT:

I was at the home of a man (P22) who is my Father-in-Law's best friend. They have known each other at least since college, maybe even before. I discovered after I married (M) that (P22) is a homosexual.

The next thing I know I see (P22) naked and in a state of sexual arousal. Then I see him take a plastic replica of a human male penis and start to rub its head against the head of his own penis.

END OF DREAM.

As usual with a dream like this, I woke up with sore shoulders, and felt like crap at work that night.

As I inquired of the Lord, He said that in the dream I was interceding for (P22) and all other homosexuals by wrestling with the Prince of Homosexuality.

Under the current rules of engagement, right after the dream, the Prince of Homosexuality was then removed from the face of the Earth and cast into the Pit.

Blessings...

R. C. Theophilus
