Dear **Yeshua**,

**Saturday, 30 September 2017, 10PM.**

This last week I had two dreams, one on Monday, and the other on Tuesday. I spent the rest of the week recovering from both, but mainly from the Tuesday dream. The following accounts are based on my field notes from this past week.

— **MONDAY** 25 Sep.

**DREAM** - Russian SOG in (L3).

In this dream I was at a QFC Grocery Store where I had shopped at before. I was talking with a man who was speaking with a Russian accent. I woke up very sore in my shoulders, and upon inquiring of the Lord was informed that I had been wrestling with SOG who had been previously assigned to the Russian immigrants that live in (L3).

— **TUESDAY** 26 Sep.

**DREAM** - Satanic Goo in (L3)

There was no detail to this dream. It was just a blob of raw spiritual sewage. This dream left me sore and in pain all the rest of the week. As I inquired of the Lord all the rest of the week, He informed me that in the dream I had unclogged a spiritual drain pipe that had been purposely stopped up by Satan many years ago. This stoppage then caused the spiritual sewage to back up into the City of (L3), and cause infection to the residents. This job left me very sore and spiritually disoriented. But I am feeling better now, thanks to Jesus and the medications He sends to me. I am grateful.

I didn't have any dreams the rest of the week, but I did write notes every day. I will record those notes here.

— **WEDNESDAY** 27 Sep.

1. The Holy Spirit makes ALL the commandments of Jesus as light as Balsa Wood and as Easy as Pie.
2. Point. Click. Shoot. Dead.
3. Jesus will use the Liberal Progressivism of the Pacific Northwest to His advantage.

— **THURSDAY** 28 Sep.

Not so sore today. Feeling better.

— **FRIDAY** 29 Sep.

4 years out - Satan to Backyard.

Thank You Jesus for letting me work with the (*Lord*) Holy Spirit and His angels. It's not always fun, but it is always informative and productive. I can also count the satanic parts as "all joy".

Blessings...

R. C. Theophilus
