Dear **Jesus**,

**Sunday, 29 October 2017, 5AM.**

This edition of This Week In Spook Army covers things which occurred from 2 October through 29 October, taken from my field notes. Some things have already been documented with their own unique numeric Letter identifier, and won't be mentioned here. During this time I had a total of 11 dreams and 1 vision.

Please note that most all of my Field Notes are written while I am doing my Night Job, working at night at (G) as an Environmental Services Attendant. My Day Job is whatever the Holy Spirit has for me to do while I am asleep.
