

Letter 641
VISION
Tunnels to The Pit
2017-11-12

Dear **Jesus**,

Sunday, 12 November 2017, 6AM.

In Letter 640 Volume 7 I write about a dream in which I perceive a hand dig tunnel in the earth leading down to the Pit.

The next day as I lay in my bed heading toward sleep, I began to think about the dream and the tunnel, and went into a vision.

IN THIS VISION:

I walked a little ways down the tunnel. The next thing I know I am standing in an entrance foyer to a dispatch office. There was a female clerk on the opposite side of the counter window, who worked there distributing dispatch assignments to other workers.

Then I see a man standing in front of the counter, on the same side as me. He seemed to be waiting for an assignment.

I saw a lot of detail about this man. He was caucasian, and had brown wavy hair. He was standing at the counter, but sideways, that that he could see both the Dispatcher and me in his peripheral vision.

He was wearing a brown leather bombers jacket, that revealed some wear, but not worn out. For a blue-collar working man, he was somewhat stylish in his demeanor and presence.

Even after I perceived him as a fallen angel, he still wouldn't look me in the eye. I knew he was an evil spirited angel, so I fired up the Grill on his dapper ass, and after a few seconds, he fell to the floor in pieces. After this I see the scoop bucket of one of Michael's D9 Cats, scooping up the residue and removing him to the Pit. Later on I see a large Cement Truck coming on its way to fill in the unauthorized access point to the Pit.

END OF VISION.

Throughout the rest of the work week, I inquired of the Lord as to the meaning of both the **dream** and **vision**.

He answered with some data points which I will now list:

1. The hand dug tunnels to the **Pit** are **unauthorized access points**, fissures in the ground, that lead down to the Pit.
2. They are hand dug, over a period of time (in the spirit), by humans who come into agreement with Satan in matters of Faith, and then abuse that Faith to breach the natural barrier the Earth has to the Pit.

3. Usually these people are Witches or Warlocks who attempt to bring evil spirits up out of the Pit for various evil reasons.
4. Sometimes, as in the case of my Mother-in-Law (see Letters 28 Volume 1, and 283 Volume 5-14), individuals become unwitting accomplices of Satan in digging these tunnels.
5. There is only one authorized entry point into and out of the Pit. This is by God's Word.
6. Unauthorized Tunnels to the Pit can be plugged back up by asking for the Lord to send Cement Trucks to these Entry Points, and fill the holes with the Quick Drying Cement of God's Word.
7. The Dapper Looking Man in the Vision was the Fallen Angel of Hell assigned to that tunnel in order to keep it active. That angel is gone, himself sent to the Pit in an authorized manner. The Tunnel is now filled in with the concrete of God's Word, and no longer poses any danger.
8. The Dispatch Office is how Hell delegates these tasks, and attempts to blend in with human behavior in ways not easily discerned by those who are easily deceived.

The Lord Holy Spirit will provide a Prayer Remedy in the next Letter which will plug ALL unauthorized Pit Access Points Worldwide.

Blessings...
