

Letter 653
Enemy Interdiction
 2017-12-30

Dear **Jesus**,

Monday, 25 December 2017, 5AM.

This last Friday at work the Lord led us to interdict two evil spirits that were attempting to find a home where I work at (G6). According to angel Gabe, one was a fallen angel of forgetfulness and the other a demonic familiar spirit.

This happened while I was en-route with my cart to get cleaning chemical solutions.

Part of the route to the utility closet where the chemical station is located takes me right in front of the main entrance to the Operating Room Suites. There is a space just inside the double doors where people can put on hair-nets and shoe covers, before crossing the red line into the restricted zone.

As I passed the entrance area, I saw a female worker standing there who asked me a question in passing.

She was wondering aloud if I knew where Operating Room 10 was, saying to me:

“DO YOU KNOW WHERE TEN IS? I ALWAYS FORGET WHERE TEN IS.”

I started to respond with,

“UHHH...”

(and while I was saying “uhhh” and thinking about her question, she said out loud;

“I KNOW...”

with an inflection in her voice of co-familiarity). I was a little slow at first in responding, having some difficulty at first in remembering where OR-10 was located, but then I remembered and pointed in the direction of the surgical suite.

Afterward I inquired of the Lord about what had just happened. He said that we had interdicted a Spirit of Forgetfulness (“I Always Forget”), and a Familiar Spirit (“I Know...”). Both of these spirits were then removed and sent to the Pit.

All this happened within about 30 seconds, but was very revealing on just how precisely the Lord Holy Spirit directs our path on a daily basis to achieve maximum Kingdom effect.

In this case, interdicting and then removing two evil spirits who were attempting to find a home in the hospital where I work.

Apparently they had “hitched a ride” on the woman somehow. It doesn't take much agreement with a devil to have it start to follow us around, seeking even greater agreement and then recognition to achieve its goal of having a human host through which to deceive and defile other humans.

Thank You Jesus for this learning module in which victory was achieved for Your glory and the benefit of others.

Amen.

Blessings...
