

Letter 653a
DREAM
House Cleaning
2018-01-06

Dear **Jesus**,

Tuesday, 02 January 2018, 7AM.

This last Sunday, 31 December 2017, I had a dream just before waking up at about 6:30PM.

I DREAMED THAT:

I was in the house of my wife's sister (P9), my sister-in-law. She was there along with her husband and some of her offspring.

(P9) and I were in the kitchen talking about something. Then I needed to use the bathroom. One of the nieces showed me where her small pot was in which she relieved herself. I wanted to use it, but it was too small, and had contaminated water in it. So I held off until a more appropriate moment came along.

The next thing I know, I am in the master bedroom with my sister-in-law, her husband, and one of their sons, my wife's nephew. The nephew appeared larger than he is in earth-space, and very pot-bellied. He was also totally naked.

I was standing off to one side, wondering why a nephew was with his father and mother in their bedroom without any clothes on. Then I awoke.

END OF DREAM.

According to the Lord Holy Spirit, this was the house built by Hell as a place for evil spirits assigned to the destruction of my wife's sister and her family to practice their evil arts.

With this intervention, the house was emptied and destroyed, and the evil spirits I was with were cast into the Pit.

Blessings...

R. C. Theophilus
