

Letter 673
DREAMS
Delivering My Past
2018-03-31

Dear **Jesus**,

Saturday, 17 March 2018, 8PM.

I had two dreams before I woke up today, that were similar. I suppose they could be two parts of the same dream.

I don't remember the detail, but I woke up real sore in my shoulders, which told me I had been wrestling.

According to the Lord Holy Spirit, I had been wrestling with evil spirits who had been assigned to defile a relationship I have with a close friend and Brother who went home to be with You sometime in 2006.

These fallen angels still dwelt in the memory I have with my friend. In this dream I wrestled with them in order to serve them the legal papers needed to send them to the Pit.

They were served and sent to the Pit. And my memory has been delivered and healed.

Thank You Jesus.

Blessings...

R. C. Theophilus
