

Letter 676  
**DREAM**  
**OPERATION: Sentry Termination**  
2018-04-09

Dear **Jesus**,

**Monday, 9 April 2018, 6AM.**

Sunday after sleeping for a couple of hours I was wakened from a dream.

**I DREAMED THAT:**

I was traveling on Interstate 90 eastbound. I then turned off at Exit 27, which goes to the Snoqualmie Casino, owned and operated by the Snoqualmie Indian Tribe.

As I slowed to take the exit, I saw to my right a man standing off in the brush at the edge of the ramp shoulder. He was of a swarthy complexion, had long black hair, was bare-chested, and wore only deerskin pants and moccasins, making him appear to be an American Indian.

As I passed by him, I felt shots of fear, dismay, and a spirit of heaviness coming from him toward me.

**END OF DREAM.**

As I lay in bed waking up from the dream, my spirit wanted to become troubled, but I calmed myself with the knowledge that the Evil Spirit had already been sent to the Pit ("there's the Door") by the Lord Holy Spirit. Then I went back to sleep.

After I woke up for the day, the Lord began to explain the dream, as follows:

The Indian Man was indeed a Fallen Angel assigned to the Snoqualmie Tribe by Satan just before the Casino was opened in 2008.

He had been stationed as a Satanic Sentry at the off-ramp of the freeway in order to "tag" those humans going to the Casino, who might become candidates to host familiar spirits, which would then promote other sins if possible. The "tag" would be seen by his Satanic counter-parts at the Casino, and then they would infect the "tagged" human with a familiar spirit.

This arrangement has now been terminated by the Lord, and He has sent Kingdom Special Forces to begin the clean out job at the Casino. Enemy spirits will be replaced with Angels from Heaven. The Satanic Freeway Off Ramp Sentry was the first to be replaced, moments after I passed him the the dream.

Blessings...
