

Letter 678
M544 and MMIP For The State of California
2018-04-29

Dear **Jesus**,

Recently the Lord Holy Spirit made me aware, by listening to a podcast by Kris Valloton on 12 April, of a certain Legislative Proposal being promoted at this time within the Assembly of the State of California. It is called AB-2943*, and makes it illegal to sell any product which claims to change a persons sexual identity.

This philosophy and thinking of course runs counter to Your Singular Existence as Creator God, Who alone decides humanity as being male, female or eunuch. And, the legislation presupposes that homosexuality is a normal human behavior, in opposition to Your position on the matter, being made clear when You declared it to be an abominable sin in Scripture. See Leviticus 18:22-23, 20:13, and Romans chapter 1.

After listening and thinking before the Lord, I started to get angry at this business, and approached the Lord about removing the satanic influences which promote this type of sin in mankind. He agreed, and this weekend we implemented the M544 protocols, sending all the resources of homosexuality assigned to the State of California to the Pit, per Your pre-authorized Word.

Please see these attached documents: M544 for State of California.

Blessings...
