

Letter 681  
**Bravo Dr. Chuck Missler**  
2018-05-20

Dear **Jesus**,

**Friday, 18 May 2018, 5AM.**

Earlier this month I learned of the passing away of Dr. Chuck Missler. According to what I read, he passed away peacefully at his home in Reporoa, New Zealand on 1 May 2018.

Even though we had never met in person, Dr. Missler had been my primary Bible instructor since I first heard of him in my early twenties, having been in possession of some of his Bible Studies on cassette tapes from Firefighters For Christ.

Like Art Bell, he is in large part instrumental in my keeping my place of employment at (G6). I was able to listen to his Bible Studies on my iPod over the years at work, so that eventually I heard the Scriptures through and through, and that more than once.

Dr. Missler also helped me when my own father was sick with cancer and in his last days. I joined the online forum which he founded, [www.khouse.org](http://www.khouse.org), and was able to find comfort from others on the Forum in sharing the burden of my taking care of Dad in his illness.

My youngest brother was able to meet Dr. Missler in person some years ago, at one of the annual Prophecy Conferences in Coeur d'Alene, Idaho sponsored by Khouse.

Bravo, Dr. Chuck Missler. Bravo.

Blessings...

R. C. Theophilus
