

Letter 683a  
**DREAM**  
**Defending the Honor of My Friend (CB20)**  
2018-05-27

Dear **Jesus**,

**Sunday, 27 May 2018, 1:30AM.**

This last Thursday, 24 May, I had two dreams during my usual sleep cycle. This Letter reports the second of the two dreams, which occurred toward the end of my sleep cycle.

**I DREAMED THAT:**

I was traveling by Bus with my Friend, (CB20). There were some other people on the bus who wanted to ridicule (CB20). I defended him and took the position that my friend was honorable.

**END OF DREAM.**

According to the Lord Holy Spirit, the other people in the dream were some of Satan's resources who had been previously assigned to (CB20).

(CB20) has already gone home to be with You, but these evil spirits were looking for ways to dis-honor the memory of his life within those of his Friends and Family still left on Earth.

The Lord placed me in the Bus so that we could silence their voices.

Blessings...

R. C. Theophilus
