

Letter 684  
**Destroying The House of Sexual Sin and Perversion**  
 2018-06-05

Dear **Jesus**,

In Letter 683 Volume 8 I report of a Dream given to me by the Lord Holy Spirit regarding the House of Sexual Sin and Perversion.

In the context of thinking about this topic, the Lord then led me to the understanding that this House, like the House of Witchcraft, also needs to be destroyed.

What I discovered while assembling the Scriptures for the DTHOWC PrayerSongs (see Letters 657-660 Volume 8), is that The House of Witchcraft and The House of Sexual Sin and Perversion are Next Door Neighbors.

This is revealed in these two Scriptures:

“You shall not permit a sorceress to live”.

**Exodus 22:18**

“Whoever lies with an animal shall surely be put to death”.

**Exodus 22:19**

If the work of a Sorceress is successful, her intended target(s) will then gravitate toward, and then finally become a slave to, the Spirit of Bestiality, the worst of the Evil Spirits who dwell in the House of Sexual Sin and Perversion.

There is something I was witness to many years ago. Two things occurred at almost the same time, one of which happened where I work at (G6), both which serve as evidence.

The first thing, which happened at (G6) was this. One night while I was working, cleaning in the surgical department, the Charge Nurse came up to me and showed my something which she had in a specimen tray. I looked at it, and it took a few seconds for me to discern the nature of what I was seeing. It was a very large, long black object the shape of a man’s penis. The nurse then informed me that the male patient had to have it surgically removed, since it was too deeply lodged in the man’s rectum.

At about the same time, within days, or at most a week of this incident, I heard on the local news about a man who died while in the act of copulating with a male horse. This was reported on for a few days in the newspaper, and now has its own Wikipedia.com page ([https://en.wikipedia.org/wiki/Enumclaw\\_horse\\_sex\\_case](https://en.wikipedia.org/wiki/Enumclaw_horse_sex_case)).

These two things happened in July of 2005.

In the many years that have followed, until now, I have wondered why I was made privy to the first incident. While the second incident was public, I just happened to be in the right place at the right time to be made aware of the first incident. Now I know it is so I can report and include these true accounts in the charging documents (these Letters) which will destroy The House of Sexual Sin and Perversion.

Blessings...

R. C. Theophilus
