

Letter 692
The World of Politics
2018-06-27

Dear **Jesus**,

A few days ago, as I was getting home from work, I saw a couple of paper items laying on the steps leading up to the front porch.

When I stooped over to pick them up, I saw that someone from the Democratic Party had left their business card along with a larger flyer explaining who the person was that left the cards.

Now, I must state that even though I vote, I am not really politically active in the traditional sense. I am an independent man and typically don't join clubs, although there are exceptions, such as AAA, and most recently AARP. So I have never registered with any party at all.

But I do have strong feelings regarding the exercise of political power by politicians. I just express those feelings directly to You, rather than write Letters to the Editor, or call in on Radio Talk Shows.

When I saw that the cards were from the Democratic Party, I began to get angry, because of their positions on homosexuality, abortion, immigration, and other areas of concern.

But, the Lord Holy Spirit reminded me of what You had said to me earlier regarding my internal protests against the Liberal Progressive agenda here in the Pacific Northwest.

One day when I was considering all things Political, You said to me that You were going to use the Liberal Progressive politics of this region to Your advantage.

The word "advantage" may have certain meanings to You, but from my perspective, based on all that I know about Your priorities, it means, first and foremost, Salvation.

Here's something else that's interesting. I was wondering what to do with the cards, and would have just thrown them away, but instead I laid them on my desk for further review.

Then, tonight as I was sitting at my desk (I stayed home from work due to high pain issues), the Lord moved me to send an email to the person whose name is on the card, inviting them to join me for coffee and talk about politics.

I will be curious to see where this goes. And if we do meet, I will be even more curious to see where the Holy Spirit leads the conversation.

Blessings...
