

Letter 699  
**SIGN**  
**Me N My RC**  
2018-07-15

Dear **Jesus**,

**Sunday, 15 July 2018, 5AM.**

About a month ago or so I saw I sign. This was a custom license plate on the back of a vehicle. I didn't have time to discern the make or model, but I do remember the unique message on the place. It read:

**MENMYRC.**

Now, it took me a few tries to figure out what message the Lord Holy Spirit was showing to me. It was three messages in one.

1. **Me aNd My R C**, stands for Me And My R. C., where the R. C. is the abbreviation of the first two names of the three part alias under which I publish these Letters - Romanus Christian (R. C.) Theophilus.
2. But it also reminded me of an old commercial for a cola drink which apparently is no longer available. The jingle went "Me and my RC", where RC stood for Royal Crown cola.
3. It also just so happens that "MENMYRC" contains all the letters needed to spell

**MERCY.**

So the fullness of the message of this sign is that the Lord calls ME\* His own (MY RC), and that He has bestowed upon me a Royal Crown\*\*, and shows me how to find MERCY hidden in any message.

\*Romanus Christian Theophilus is a prophetic, intercessory name. This name stands for any Gentile, who, like the Roman Centurion in charge of crucifying the other criminals along with Jesus, in the course of their day to day work in obeying their superiors, finds that Jesus truly is the Messiah Son of God, and makes that declaration public, thereby securing the beginning of their own salvation.

\*\* I liked Royal Crown Cola much better than Pepsi or Coke. The Old Soda really is superior.

Amen.

Blessings...

R. C. Theophilus
