

Letter 700
Christmas Every Month
2018-07-22

Dear **Jesus**,

Many years ago I was a member of an online forum. One of the discussion threads had to do with whether the celebration of Christmas was Scriptural, and if it was OK for Christians to celebrate it. There was plenty of argument against Christmas, most of which had no basis in common sense.

Never mind that God sent a Choir of Angels, who celebrated the birth of the Messiah by having a Big-ass Music-fest in the Sky, in order to Herald the arrival of the King.

Never mind that special Wise Men were moved by the Prophetic Word of God to travel a great distance and bring very expensive gifts to give to the young King.

Never mind that You later taught us to rejoice (that would be party), because our names are written in Heaven.

None of those things mattered to the Anti-Christmas crowd. They just wanted to have their glass be half-empty as much, and as often, as possible.

My response was to take the "my cup is full and overflowing" approach to their anti-christmas party.

I did this by observing that there was nothing to stop Christmas from being celebrated every month, thereby removing any argument concerning whether 25 December is also a pagan date on the calendar. If that's a problem, then change Christmas to the 24th. Or better yet, rescue 25 December from the grasp of the enemy, and return it to its rightful owner. Another argument said that You were born in a different month altogether.

Fine.

The more important fact is that YOU WERE INDEED BORN.

If we celebrate Christmas every month for the whole month, then at least once a year we will get it right.

Please see the attachment below for the response given me by the Lord Holy Spirit on how to overcome the anti-Christmas crowd.
