

Letter 707  
**DREAM**  
**Destroying The 2 Mobile Houses of The 2x2s**  
 2018-08-23

Dear **Jesus**,

**Thursday, 23 August 2018, 12AM.**

This last Tuesday at about 3PM I was awakened from a dream.

**I DREAMED THAT:**

I was with some people in their house. This house was uniquely mobile and could move about much like a motor-home, but it was shaped and furnished on the inside more like a normal stationary house. We were moving and on the way to meet up with some other people in another similar mobile house.

Upon joining with the second house, the people I was with in the first house greeted those in the second house. Then I was introduced to the people in the second house. While all the people in both houses seemed very nice and congenial, I remember one man in particular from the first house had taken a particular liking to me was wanting me to stay with them.

This friendly man kept telling me about his mobile house family, and how it would be good for me to journey with them.

But when it became clear to him that I was not being deceived by his fraudulent behavior and story, his face suddenly changed, which up to that point had a pleasant human appearance, and turned dark and demonic. In an attempt to frighten me into complying with his doctrine of deception, he opened his mouth wide, exposing the darkness of lies inside, and rushed toward me in an attempt to envelope and consume my entire head with his gaping mouth, much like a snake does with its mouth open in a disjointed fashion in order to consume prey larger than its own body.

But I just shook my head, removing his mouth from around my face, and took no further notice.

**END OF DREAM.**

I woke up feeling very tired, sore, and apprehensive, and I knew that later on I would be writing down the dream, so as I was going back to sleep I begin to imagine what the Letter title might be.

After I rose for the day and woke up enough to talk with the Lord Holy Spirit, He begin to explain that the people in both houses were HR angels responsible for the deceptive cult known as "The 2 x 2s".

I have already written about this cult in Letter 527 Volume 6.

Because of the AVTOS rule of engagement the Lord has implemented in my life, all of these fallen angels were cast into the Pit, and their two spirit-space mobile houses demolished.

It is only a matter of time before the same thing happens to the expression of this cult in earth-space.

Blessings...

R. C. Theophilus.
