

Letter 709a
Removing The Sleep SOG
2018-09-03

Dear **Jesus**,

Monday, 3 September 2018, 7PM.

Please allow me to quote what I wrote on the Divine Council Forum only an hour ago:

“That's true, except last night I had to wrestle with their (night) boss all night. At one point I woke up with the bed shaking a little bit, which made me wonder if we were having an earthquake. And I woke up 2 or 3 more times before waking for the day.

But now, after my first cup of coffee, it occurs to me that the boss I wrestled with is now gone, and I will sleep better for it. -tyj-

When the Lord reminds me I will report more later, after a few weeks have gone by.

*Blessings...

I was responding to what another Brother had written about Letter 709, which I had posted in its own thread on the Forum yesterday before I went to bed.

After I woke up at about 5PM today, (which was way too early) I was tired and had sore shoulders, which informed me that I had wrestled with someone from HR.

It turns out that “someone” was the SOG in charge of Sleep Deprivation, not only in the area in which I live, but World-wide, hence the bed-shaking “earthquake” phenomena.

This SOG ruled over the Ondines (see Letters 203 Volume 4, and 495 Volume 6) of the world, so they are now without their big boss.

Hell now has yet another leadership vacuum within HR to deal with.

Blessings...
