

Letter 712
DREAMS
Removing Arguing and Backbiting
 2018-09-22

Dear **Jesus**,

Saturday, 22 September 2018, 9PM.

Today before I woke up at about 7PM I had two dreams.

As of this moment, I don't remember much detail. But I do know I was wrestling with at least one evil spirit in each dream. Since I don't remember all that much from the dreams, I wasn't going to write them down, but the Lord Holy Spirit indicates otherwise.

The first and the second dream were very similar, but I remember the second dream better than the first, so I will write what I remember from the second dream.

I DREAMED THAT:

I was standing in the Waiting Area of the Si View Park Pool. I was speaking with the Lady Attendant at the check-in desk about something, and she was trying to argue with me about something with a condescending tone in her voice. Then I awoke.

END OF DREAM.

According to the Lord, the reason these dreams are important is because in them I was wrestling with the two Leading Evil Spirits assigned from HR (Hell's Resources) to the Si View Metropolitan Park District, which owns and manages the Public Swimming Pool within the Park District.

This is why I woke up with sore shoulders, which are still a little tender.

These two devils have used the Pool Offices as their headquarters over the years, with their primary assigned mission being to attack the Churches in the Snoqualmie Valley with Arguing and Backbiting. This has been the case since the Pool was first built in 1938, when Arguing and Backbiting were originally assigned to the area. They have been responsible for much of the division which has occurred over the years, in the Churches and the Snoqualmie Valley in general.

Of course, they also had considerable help from Snoqualm (see Letter 32) before he was removed.

Now, Arguing and Backbiting and their subordinates are gone, and whatever infection was produced by them is now being cleaned out and the wounds in the Body of Christ healed.

Co-incidentally, I had met with a Brother (CB56) this morning for a meal and some fellowship. This was a good moment for both of us. (CB56) is an Elder of the Churches in the Valley, so this means that he and the others has been delivered from the opposition

posed by the two spirits of Arguing and Backbiting with which he has had to contend over the years.

Blessings...

R. C. Theophilus
