

Letter 719  
**Assaulting The House of Witchcraft**  
 2018-10-18

Dear **Jesus**,

**Thursday, 18 October 2018, 6AM.**

Earlier today the Lord Holy Spirit informed me that we were going to bring an offensive package against Witchcraft. This was because of all the spells and curses that the witches in the United States are sending out to try to influence the mid-term election of 2018, and to put curses on newly appointed Supreme Court Justice Brett Kavanaugh.

Then, the Lord instructed me that we would be using dreams I have had in which angels of witchcraft were overthrown as the template for victory against this present season of witchcraft.

Finally, the Lord instructed me to burn an audio CD which had 5 songs that had Your name in the lyrics. The Lord was very specific in saying that each song had to say Your Name, Jesus.

So that's what I did.

The rest of this Letter will provide some further documentation and reference the Letters which testify of the applicable dreams.

**Witches plan multiple mass hexes of Supreme Court Justice Brett Kavanaugh**

The United States Senate was never really interested in holding Supreme Court Justice Brett Kavanaugh accountable after multiple women accused him of sexual assault and harassment. The witches of America are.

Catland Books, an occult bookshop and community space in Brooklyn, has organized not one but two mass hexes on Kavanaugh. According to an Eventbrite page for the hex, the organizers say they plan to target the newly appointed justice as well as "all rapists and the patriarchy which emboldens, rewards and protects them."

"We will be embracing witchcraft's true roots as the magik of the poor, the downtrodden and disenfranchised and it's[sic] history as often the only weapon, the only means of

exacting justice available to those of us who have been wronged by men just like him," the organizers wrote.

The first of the two events, scheduled for October 20, attracted enormous attention with more than 14,000 people expressing interest on Facebook. To accommodate more people, Catland added an additional mass hex event for November 3.

The event costs \$10 to attend, and 50 percent of sales for both nights will benefit Planned Parenthood, the Ali Forney Center, the Southern Poverty Law Center, and the Sylvia Rivera Law Project.

"He will be the focal point, but by no means the only target, so bring your rage and and all of the axes you've got to grind. There will also be a second ritual afterward - 'The Rites of the Scorned One' which seeks to validate, affirm, uphold and support those of us who have been wronged and who refuse to be silent any longer," the Eventbrite invitation explains.

Ahead of Kavanaugh's confirmation, Christine Blasey Ford accused the judge of sexually assaulting her at a gathering when they were both in high school. Though their September testimony before the Senate Judiciary Committee prompted an investigation, the Senate voted to confirm Kavanaugh to the Supreme Court on October 6.

In the past, witches across the country have hexed President Donald Trump. None of these hexes stopped Trump from being president or Kavanaugh from becoming a Supreme Court judge, but it does seem to make their allies really, really uncomfortable.

Every small bit of suffering counts.

Here therefore, in obedience to the Lord, is my own testimony regarding this matter.

Amen.
