

Letter 733
A Sign of Good Faith
2018-12-09

Dear **Jesus**,

In Letter 337 Volume 5-15, with supporting documentation in Letter 344 Volume 5-15, I write about how the Lord Holy Sprit began to tell me that You would restore 10 years of youth to me to compensate for the 10 years Satan stole from me while I was working at the hospital (G6).

Then, in Letter 656 Volume 8, I write about how the Lord asked if I would forgo the miracle He had earlier promised I could receive, the details of which are described in Letter 656. But something very interesting occurred between Letter 344 and Letter 656.

Please allow me to explain.

Chronologically, what I am about to describe happened within the last 18 months. I don't remember the exact date, but it would have been sometime in 2017, before the end of that year.

One day I was looking in the bathroom mirror, getting ready to shave or something, and I noticed a very strange anomaly on my face. At the corner of my mouth, on my left side, part of my graying beard was growing out with the color of my earlier youth, dark brown.

This was very alarming. I looked again to make sure I wasn't exaggerating anything in my mind. Sure enough, my beard, albeit a small portion, was changing back to the dark brown color it had before it became two shades of gray.

I think that this area of my beard was like this for about a week. During that time I wondered if the Lord was starting early on the Youth Regeneration Project he had previously informed me of. I hadn't turned 60 yet, and that was supposed to be the event which would trigger the miracle of my getting 10 years younger.

During this "Week of Wonder", I began to think that I would look rather strange if my beard gradually turned darker in color, one patch at a time. And I was trying to figure out just how I would explain this to my wife and co-workers. The Lord didn't say anything, and I didn't ask. But I was sure eager for the whole healing package mentioned in Letter 261 Volume 5-14, to occur at the same time as my time reversal.

After about a week, or maybe two, the color of my beard went back to its now normal gray, and I thought that this was a sign from the Lord that He was intent on honoring His word per Letter 337, when I turned 60 in October of 2018.

October is now past, and if the reader has read Letter 656, they will know that my miracle of getting younger didn't happen, and why.

But there's something else which occurred previous to this that has some bearing. Actually a whole lot of bearing.

It was a dream I had in which Father God Yahweh appeared to me and spoke Words of comforting direction. Here is the Letter in which He spoke to me as His son: Letter 470 Volume 6.

And so, I in Light of my Dad's desire, I will be happy to obey His Word to take care of His Daughter, my Wife, even if that means I age normally and eventually find the grave, the Happy Place reserved for me, since that is my Ticket outta here and my Door to Home. As it is written:

*"O Death, where is your sting?
O Grave, where is your victory?"*
1 Corinthians 15:55

P. S. In the dream, I was taken back in time, to the night before I married (M), which is when Dad spoke His words to me.

Blessings...

R. C. Theophilus
