

Letter 738  
**A Tough Couple of Weeks**  
**((DREAM) And Then Some)**  
2018-12-22

Dear **Jesus**,

**Saturday, 22 December 2018, 6AM.**

Over the last 2 weeks since leaving work (see Letter 734 Volume 8), I have had dreams almost every night in which I wake up sore and tired.

This is because I either wrestle with or war against a representative(s) from HR.

This was happening before I left the job at (G6), I was hoping that this kind of conflict would cease with the termination of my employment.

It did not. And in some ways, it just got worse.

**10PM.**

And then today while I was sleeping, I had a dream and then woke up sore very tired (that's where the "And Then Some" part came from).

Here is what I wrote about the dream on the Divine Council Forum.

=====

**Saturday, 22 December 2018, 9:30PM Pacific Time - USA.**  
(CB50),

*Last "night", as I went to bed and was thinking about the "Stay Close to Him" thread, the Lord Holy Spirit said this:*

*"IT'S TIME WE DO SOME OF OUR OWN TARGETING".*

*About 2 hours after I went to sleep, I woke up from a dream. In the dream I was in a House with someone who looked like you (CB50), along with a Lady who was there too. I don't remember any further details, but now I know we were brought together to formulate strategy. The man in the dream was one of your angels, and the Lady was the Holy Spirit.*

*I went back to sleep after the dream, and about 4 hours later I woke for the day, with sore shoulders, and I was very tired. I knew I had been wrestling with whoever is behind this using scalar waves (or any other means) to try to harass and terrorize you.*

*And just before I started writing this note I saw that (CB57) has come to some peace in this matter, so that was good.*

*This is not over. I hope (CB57) will respond to the Lord and dedicate some prayer time for this issue.*

*Many blessings...*

--j9

=====

These daily battles are leaving me rather tired. This is not to say that You have left me bereft of comfort and healing. You have not, as Your angels do an exemplary job in that capacity on a daily basis, along with the pain medication I receive from my family doctor.

But the memory of these conflicts I think does begin to wear on me. I will say though that today seems to be better than yesterday.

So far the Lord has given me some general directions on what to write for the end of this year. I am still waiting for the details to become more clear. We have a little time left, so not to worry.

Blessings...

R. C. Theophilus
