

Letter 741  
**DREAMS**  
**New Year's Dreams**  
 2019-01-02

Dear **Jesus**,

**Wednesday, 2 January 2019, 7PM.**

Yesterday and today I had a dream just before waking.

**YESTERDAY I DREAMED THAT:**

I was in Town (L11) walking down the Main Street. I was just walking on the sidewalk by the shops and buildings. I could tell there was conflict of some kind.

**END OF DREAM.**

I woke up too early, at 4:30PM, and I was very sore and tired. But I was too awake to go back to sleep. So after I ate some breakfast and watched TV, I went into my office and applied online for Social Security Disability Benefits. This process took about 2 hours, and left me sore and tired, but satisfied that I had started the process. Thank You Jesus.

The next morning I went into Town to do some shopping at one of the stores which I had walked past in the dream. I could tell that there was a spirit of anger between two of the check out workers toward customers. This was because evil spirits were being removed as I shopped. The demeanor of the checker changed while she was helping me, to one of gentleness and true customer service.

**TODAY I DREAMED THAT:**

I was in a house with a man who looked like my lifelong best friend (CB1). There were some other people there, along with my wife. Various conversations could be heard. Then the man who looked like (CB1) began to justify himself, saying things about the music he played on his turntable. He was referring to his DJ's turntable which was sitting on the dining room table. This turntable only had one platter, with space for control knobs and buttons off to one side on the surface of the contraption.

**END OF DREAM.**

I woke up at 5:30PM from this dream, and I lay in bed reviewing the dream. I knew that the man who looked like (CB1) was a devil who was from HR, and had been assigned to the destruction of (CB1). I began to exclaim to my angel family that (CB1) was now delivered from evil spirits, etc. Then, as I started to write this letter, I realized that not only was the Imposter evil spirit "Grilled and Pitted\*", but his whole house, which is the house I was visiting in the dream. All the HR House of Evil assigned against (CB1) has now been Grilled and Pitted, removed from all earth-space influence. Not bad for a Night Dream's Work.

But I did wake with sore shoulders and was tired. But not as tired as I was yesterday. I think this will wear off quickly.

\*Grilled and Pitted: what happens to an evil spirit after seeing me. They are cast into the Pit through the Grid of Scripture. Grilled and Pitted.

Blessings...
