

Letter 742
SIGN
The Branch In The Window
2019-01-08

Dear **Jesus**,

Monday, 07 January 2019, 6AM.

Yesterday a Sign happened. At about 2:30AM Sunday morning, a very strong and violent windstorm blew through the Snoqualmie Valley. This windstorm was due to a conflict in spirit-space which produced this Sign. Please allow me to explain.

About 9:30AM this morning I went into town in order to go to a Church service for the first time in quite a while, leaving enough time to stop at the Store on the way. My transition to Day Shift has been accomplished, and I was looking forward to being able to attend a Church Service while being awake and alert, along with having time for additional fellowship afterward.

When I got to the store, where I was going to buy some tomatoes and a cup of Espresso from Starbucks, I noticed that the lights were out. But the Store had a backup generator, so the cash registers were working. However, the coffee stand was closed.

I made my purchase and proceeded to drive to the Church building, which was only about 5 minutes away. When I got there the parking lot was deserted, and no lights were on. So I called one of the Elders who I know, and he confirmed that the meeting had been cancelled.

Then I drove back home and proceeded to do other things.

One of those other things was to go online with our insurance agency to file a broken glass claim for our Toyota Avalon. This was because during the storm, a branch from a Fir Tree which stands right next to where I park the Avalon, broke off and went straight down into the rear window of the car. This produced a hole about 8" x 6", and shattering the rest of the surrounding glass into fragments. But the laminate within the window held the rest of the glass together, so all I had to do was cover the hole with some tape. Then today, I made arrangements for repair, which looks like will occur sometime later this week.

But here is why this is a Sign.

The day before this happened, on Sunday, I went for a walk up at the PraiseTree Recreational Lake area. Along the paved walking trail are side trails to get down to the Lakes edge. And many of the unimproved areas on either side of the pavement are well trimmed and manicured.

On the way back we were passing by one of these manicured areas, and I noticed how well groomed some of the smaller trees were, so much so that it reminded me of any number of Scriptures in the Bible that talk about groves of trees which are dedicated to idolatry. Then,

as I began to think more on this, I realized that there were evil spirits attached to each groomed tree, in order to promote worship of the surrounding creation.

So, without any hesitation, I asked angel Maiah to send a request up to HQ to have MMIP Stations establishes at each tree, and to have the demonic spirits removed.

Our prayers were answered almost immediately.

But apparently one of the Fallen Angel Overseers came back to check on his Demon Grove, and found his Satanic Crew gone, and replaced with what to him were Enemy Elements from Heaven, standing guard and operating the MMIP Stations.

Later on, one of the leading evil angels sought audience with the Lord Holy Spirit to find out what happened to his grove of trees. He showed him what happened, and who requested it to happen. That would be me. This then sent him off to find other fallen angels who would return with him and try to take vengeance on my own person and/or property.

This resulted in the violent windstorm mentioned above. The Lord then gave permission for one of his followers to break off a branch of the tree and send it crashing through my car's rear window.

But then, much to their surprise, the Lord showed them the New Rules of Engagement assigned to me, which send all angelic malefactors directly to the Pit.

The Lord said He allowed the damage to my car so that I would have a Testimony to right Home about, and so that others would read and be informed. I had done nothing wrong in removing the enemy, because this is in accordance with Scriptural Doctrine, as part of the Kingdom Commission of Christ to proclaim the Gospel to all Creation, and to Remove the Enemy from the Land.

Blessings...

R. C. Theophilus
