

Letter 748
DREAM
What Strange Costumes Ya'll Wear
 2019-02-06

Dear **Jesus**,

Tuesday, 5 February 2019, 4PM.

I went to sleep last night at what is now my usual bedtime of 9PM. However, this morning I woke up at about 2AM very sore in my upper body. The only way I could get back to sleep was for angel Gabriel to come in and massage my back, neck and shoulders. After this I went back to sleep, and woke up again at about 3:30. Then I went back to sleep, and had another Terminal Dream just before waking up for the day at 4:30AM.

I DREAMED THAT:

I was seated in a booth inside a Family Style Diner which reminded me a lot of Denny's. As I sat there I was being comforted by the Ambience that I liked and have both perceived and felt over the years inside Family Style restaurants like this.

My back was to the wall, so I could see out to the general seating area. I had my iPhone and Wallet sitting on the table in front of me, ready for me to use.

Then, to my left, four or five human looking People of both sexes, men and women, entered the Restaurant from Outside. They were dressed in what appeared to be formal work attire, like the uniforms that those who work at the Lobby Desk of a Hotel would wear. But the men's uniforms were all black, and very closely resembled three-piece tuxedos.

Then, as they were all heading to their tables, the men and women removed their formal outer garments to reveal underneath casual street wear, such as blue jeans, t-shirts, and other normal public attire. One of the men, as he passed by my table, stopped and looked down, and then picked up my cell-phone. I nodded to him to put it back, which he did. Then he joined the rest of his party at their table.

After I was done eating, I got up and went to one of the tables where the Outside People had sat down. I looked at them, and was asking them what kind of business they were in. They answered that it had to do with "Customer Service".

Then, as I turned to go, one of the People who appeared to be a woman, who had a very cute blonde hair style which was cut just below her ears, looked directly at me and asked me this question:

"DO YOU WATCH THE QVVC CHANNEL?"

At first I thought she mis-spoke, and meant the QVC channel, and I was thinking silently that my wife might watch the QVC channel, but I answered her verbally that I did not. With that I turned and walked away toward the exit door.

END OF DREAM.

After the dream, I inquired of the Lord. He informed me that the Outside People in this dream were all fallen angel witches who supervise the host of familiar spirits that make up the demonic network which produces the LGBTQ mindset of beliefs in the World.

This is why I was so sore and lethargic all day. But they, the “men and women” in the dream, have themselves been sent to the Pit, which terminated their freedom to walk about on the face of the earth.

The extra “V” that the Lady with cute blonde haircut added was intended to introduce confusion in my mind, and to put me in the position of having me ask her what she meant. This subtlety would have put me under her satanic authority. But that didn’t work due to the presence in my life of the Lord Holy Spirit , Who is the Spirit of Truth, and Who cannot be deceived, controlled, or manipulated.

Amen.

Blessings...

R. C. Theophilus
