**My Prayer For Angel Gabriella**  
2019-02-27

Dear **Jesus**,

The other day I began to have a strange sensation on my ring finger, on my left hand. I sort of knew what it was, but I also asked what was going on.

Turns out angel Gabriella wanted to say something important to me. Rather than knock something out of my hands, which she has done in the past, and which she knows irritates me, she pinched my finger. This pinching sensation was not painful or unpleasant, but it was (and still is as I write) pronounced, so that I could not mistake it for a transient physical anomaly.

So, I asked Gabriella what it was, and she described what I just wrote. Then she said that she was upset at all the pain and stuff I have to endure. This put me in the position of providing consolation to her, but I also asked what she needed.

We came to the conclusion that I needed to pray for her. So I asked the Lord Holy Spirit to help me find the right prayer.

He helped me do this, and gave me my prayer for Gabriella. Here it is.

Dear **Father** in Heaven,

Please hear my humble prayer for my Kingdom Sister, angel Gabriella. I pray that You would grant her with **Mercy** when she considers all the sorrow of the world, and how it effects me.

Grant her with **Healing**, so that she is able to perform Your will.

Grant her with **Grace**, so that she will be able to minister Your message.

Grant her with **Peace**, so that she can enjoy being with Your people.

Please give her all these things in increasing measure, so that her soul is Full and Overflowing with Your **Faith, Hope, and Love**.

Please help her overcome any opposition or trouble, and restore her **Joy** to overflowing.

Amen.

Blessings...

R. C. Theophilus
