

Letter 775  
**“The Book of This Prophecy” - Part 2**  
*The Gabriel Dictum*  
 2019-04-09

Dear **Jesus**,

**Saturday, 7 April 2019, 8:30AM.**

Earlier this week I spoke by phone with (CB41). We talked about a few different things, and then the subject of the email I sent (see Letter 775 Volume 9) came up. I asked if Gabriel had indeed paid him a visit. He answered that “Yes, he had”, and then proceeded to recite the details of his meeting with angel Gabriel.

As he spoke, I took notes, and asked probing questions to make sure he was remembering accurately, and that I understood clearly. Here is verbatim what I wrote down in my notes:

=====

21 March - 1PM

Kitchen table. Des Moines.

Presence. Testing. 2 senses.

1. “NO TRIBULATION.”

2. “ANGELS ARE NOT PERMITTED TO SHARE ANYTHING WITH PEOPLE WHO ARE NOT READY TO RECEIVE.”

=====

I will now relay a more full report based on the above notes and my own memory.

I asked (CB41) specifically when and where Gabriel visited him. He said that it happened the very next day (after receiving my initial email) at his kitchen table in his own home, which is located in Des Moines, Washington. I wrote down 21 March as the date (which is actually the third day after the date on the email. At this point I believe that was in error, and that I should have written the 19th). Then I asked what time it occurred. He said about 1PM.

He said that when he was sitting at his kitchen table, he began to feel a “presence”. He then invoked the vetting process for angelic visitations according to Scripture where it says to “try the spirits” (see 1 John 4:1). After becoming satisfied that the presence was indeed the same Gabriel I said would visit him, he received the message.

Then I asked him to repeat as best as he could exactly what Gabriel said. I then wrote down the two quotes above.

(CB41) gave me the second quote first. Then, when I asked him about the first quote, he said that he didn’t think I could receive it. I said that didn’t matter, because I wanted to

document what was said. So he then recited to me the first point. I pressed him on it, to determine if that was all Gabriel said in that statement. (CB41) assured me that the words “no tribulation” was the full extent of the words Gabriel spoke on the matter of point #1.

During the course of our conversation (CB41) admitted that he now believes that Revelation has already been completely fulfilled, putting him into the Preterist camp of Biblical eschatology.

We finished up our conversation, and said goodbye to one another on good terms.

I will document Gabriel’s explanation of what he said to (CB41) in the next Letter(s).

Blessings...
