**DREAM**  
**The Business Card**  
 2019-05-04

Dear **Yeshua**,

**Saturday, 4 May 2019, 6AM.**

A little after 4AM this morning I woke from a dream.

**I DREAMED THAT:**

I was standing with another man in a room with a window.

The man reminded me of another man who I had known earlier in life, who worked as a Sales Representative for a Janitorial Supply House, from which I purchased most of my Cleaning and Floor Maintenance Supplies and Equipment. The Sales Rep also helped me a lot with any technical questions which arose surrounding various cleaning challenges I had in the early days of my Janitorial Company.

The presence of the man was comforting, and as we stood together, he offered me his Business Card.

I took the Card and looked carefully at the inscriptions. I saw what looked like a stylized Corporate Logo, along with some Alph-Numeric Characters which were the Name of the Company he worked for. I also noticed that there was a Geometric Shape, which was Dark Red in color, included as part of the Logo .

I turned the Card over to see other writing on the reverse side, and then went to put the card in my pocket. One thing I noticed was that the Card appeared to be well-worn, like it had been in the man's pocket or wallet, and had been removed and replaced many times. While I was seeing this part, the man became apologetic for the condition of the Card.

I then looked up to say "thank you" to the man, and in so doing looked him right in his face. I saw his face clearly, and saw that he appeared to be in his mid-thirties, with a full head of dark-blond hair, neatly combed and parted. He was wearing a Business Suit which included a Coat, and Shirt and Tie, all of which were dark in color. The Three Piece Suit was well-appointed and in good taste.

As I looked, I saw that the man's face was very human in appearance, and pleasant to look at.

**END OF DREAM.**

After waking up, I asked angel Gabe if he was the man in the dream. He said "yes", (I had suspected as much) and then we talked some more about what the dream meant.

The dream was given by the Lord Holy Spirit in order to communicate part of the history which Gabe had in my past life, and that he was involved in the business dealings I had when I was a private business man, before my injuries. His presence in the dream, and the thoughts of my past, were comforting to me.

This was in fulfillment of the Words of Jesus, Who said:

“Blessed are those who mourn, for they shall be comforted.”

I have been, to one degree or another, in a constant state of sorrow, or mourning, ever since Satan attacked my business, and then subsequently injured me in the motorcycle wreck which I had in July of 1995. The ongoing pain in my left foot and leg, and my continuing state of injury, contributes to my constant state of mourning.

This isn't the first dream of comfort I have been given, and it most likely won't be the last.

And the detail of which I saw in angel Gabe's human-appearing face in this dream is very remarkable to me.

Blessings...
