

Letter 799  
**Up Armor Angels**  
2019-06-01

Dear **Yeshua**,

**Sunday, 26 May 2019, 7PM.**

The dreams which are documented in Letter 798 Volume 9 brought to my attention the need to upgrade the armor surrounding my House. So I requested from the Lord Holy Spirit if He would authorize the return of angels Easy & Light (see Letter 547 Volume 6) to provide more close-in security on my property. He said "yes", and Easy & Light arrived here last night.

Then, after further consideration, I thought it would be wise to add another two-angel team, so that there could be full coverage at all four corners of my property.

Again, the Lord said "yes".

And then, on our way to Church this morning, I was thinking it would be nice to have yet another two-angel team which could accompany us out into the field and help out with any conflict which may arise.

Again the Lord agreed, and sent another Special Operations team to be with our number.

So, we now have Seal\* Team Alpha (1, 2), Seal Team Bravo (1, 2), and Seal Team Charlie (1, 2) - all Special Forces qualified, attached from Archangel Michael's Military outfit.

These three teams will report to angel Leah, who will coordinate their activities here on earth, and also their rotation back Home on a regular basis.

Thank You Jesus for this upgrade to our armor here at Home, and out in the Field.

Amen.

P. S. Additionally, all three Seal\* Teams have been tasked with helping me avoid unwanted social interactions, and preventing unnecessary corporate-scripting blather-talk from those workers who have the misfortune to be employed by such wretched entities.

\*Seal Team - those Kingdom Special Forces Operators qualified in applying the Seal of the Holy Spirit to those who are being pursued by Yahweh for Salvation.

Blessings...

R. C. Theophilus
