TERMINAL DREAM
False Flag Father-In-Law
2020-01-06

Dear **Yeshua**,

Tuesday, 2 July 2019, 10:53PM.

I just woke up from a dream.

I DREAMED THAT:

I was with man who looked like my father-in-law. He wanted to show me a video of some kind. The room we were in had overhead Orbital Lights, the kind found in hospital surgical suites attached to the ceiling.

In the course of watching the video, the light fixture somehow overheated, making the light inoperable. The metal housing got so hot the paint became discolored and started to flake off due to the extreme overheating.

The next thing I know I am in a bedroom with the false father-in-law. But this time he had a bunch of young people with him. He is preparing to go to bed, and the young people are going to spend the night with him.

I am attempting to tell the False Father about the overheated light, but he expresses no concern at all to my urgings. Instead he said:

“WELL, THAT’S WHAT HAPPENS
WHEN YOU DEAL WITH EVIL SPIRITS”;

or words to that effect.

END OF DREAM.

Post dream analysis says that:

Both the man who looked like my father-in-law and the young people were all evil spirits. According to the Lord Holy Spirit, the man was a fallen angel who had been assigned by HR to my true father-in-law, and the young people were demons that could manifest in spirit-space as human, which is unusual. Most demons cannot take human-like form in dreams and visions. And no demon can manifest in earth-space human bodies at all. Fallen angels cannot manifest in human bodies unless permitted by the Lord Holy Spirit (He Who lets and lets not. See [Letter 42 Volume 1](#)).

This was a terminal dream, which means that the fallen angel supervisor and his demonic crew no longer walk the face of the earth, having been all sent to the Pit.

Blessings...
