INCIDENT REPORT
Operation Intercession: Jehovah-jireh
2020-05-22

Dear **Yeshua**,

Sunday, 7 July 2019, 5:45PM.

I am reporting on what is an answer to prayer. These are events which took place since about a week ago Friday.

On or about Friday, 28 June 2019, I went to the Post office to collect our mail. After getting the contents of my Post Office Box, I drove to the Safeway parking lot and opened one of the envelopes which had a return address already familiar to me.

The name of the return address was that of a legal class action case against my former employer (G6), which had to do with unpaid back wages.

I had known about the class-action suit for over a year, having already been informed of the proceedings in an earlier letter. So I was not surprised at getting another letter in the mail from the law firm.

The case had turned out in favor of select employees who had not been paid for a certain number of hours worked, resulting in payment of back wages owed. Inside the envelope was a check for my part of the settlement.

But I was absolutely surprised at the amount of the check. I had supposed that my share of the settlement would be no more than about \$20.00 or so, enough for a few cups of gourmet coffee at Starbucks.

But the check was written for \$836.00 and change. It also came with IRS forms W-2 and 1099-INT.

At first I was stunned. But then I started to inquire of the Lord what the disposition of the money should be. At that time I had all budgetary needs met, with plenty of money in the bank. So I inquired further of the Lord. He said to offer the check to my niece, the daughter of my youngest sibling brother.

So then and there in my car, I called my Niece and asked her if she would be willing to receive some money from me. I didn't say how much at the time, but just that I got some extra money that I didn't need, and wondered if she would like to have it.

She said "yes", at which I explained to her that I would need to deposit a check, and then send one to her in the mail.

The check arrives in the mail on 3 July, but there is a delay in cashing it because of the Fourth of July holiday bank closures.

Eventually the check gets cashed, and my Niece receives a large sum of money which is what she was in need of at that time.

All this was an answer to prayers my Niece had prayed with her Dad, who is my youngest sibling brother, because at that point she had no money at all. She had called her Dad and explained that she was broke. Together they prayed to Jesus to provide for her. If memory serves, their prayer was made either the day before, or on the very day that I received the check in the mail.

Praise Yahweh for His provisions, and His Spirit for leading us into His will. Amen.

(NOTE: this Letter is being posted in 2020. The events occurred in 2019.)

Blessings...
