VISION
Praying Angel Monks
 2019-07-20

Dear **Yeshua**,

Saturday, 20 July 2019, 7AM. (MOON 50!).

Yesterday my Angel Crew and I executed a PrayerWalk (compliments of Mr. Henry Gruver, and my friend Dan who had given me Mr. Gruver's book Prayer Walking years ago) around three small city blocks in the town of North Bend, WA. Within this downtown area is a variety of store-fronts which house a Bar & Grill, a Thai Restaurant, a couple New-Age gift boutiques, a Bakery, and other stores. At the West End of the block is Twede's, the Diner which is featured on the TV show "Twin Peaks", a fictional story which takes place in the Snoqualmie Valley. At the very center of this City Block Area is the local Masonic Temple.

This past week, the pain in my left foot was very high, fluctuating into the debilitating zone, even to the point of my wanting an amputation. After inquiring of the Lord, He led me to the understanding that my foot was being inflamed by a curse associated with the Freemasons. One particular curse requires its members to swear that under certain circumstances they will become "slip-shod", or shod on one foot with a slipper, which has no traction or stability, thereby causing one to slip and stumble in their walk. In essence, this curse destroys the foundation of a man, the shoes upon his feet.

However, during the PrayerWalk I was wearing my 5.11 Combat Boots. These boots prophetically refer to Psalm 5, and Psalm 11, which destroys the effects of the curse of being slip-shod.

I used our pre-recorded PrayerSongs which we had already assembled, streaming them from our website server to my iPhone. After I did the first PrayerWalk, I performed a second PrayerWalk with a different PrayerSong, the entire Book of James.

Toward the end of the first PrayerWalk, I had completed the circuit around the City Blocks before the PrayerSong had finished, so I sat down on a Street Bench to rest, and listened to the rest of the Song while preparing for the second walk. While sitting, I saw two things in Spirit-Space.

The first thing I saw was a large metallic looking ring (like in the TV show Star Gate) in the sky above the Valley, large enough to cover the Whole Valley. This ring is the Door to the Pit (see Letter 674 Volume 8), which the Lord Holy Spirit will superimpose upon the whole valley in order to "remove the enemy from the land."

The next thing I see in Spirit-Space is the form of a man to my right, walking along the sidewalk, from East to West. The man was clothed fully in what looked like a heavy brown robe, with a hood that obscured from the side his entire face, resembling what a Catholic Monk from the Dark Ages might have worn. In his hands he held a chain, about twelve

inches long, from which was suspended an incense censer made of what looked like cast iron, about six inches in diameter, with smoke coming up through the slots on the censer lid.

The Prayer Angel Monk was waving the censer in the form of a Cross, walking along the sidewalk, in the same direction I was about to go with the second Prayer-Song. But that wasn't all. After him came a long line of more Praying Angel Monks, all dressed the same way, in brown hooded robes, and waving Prayer Censers in the air. No more than three feet separated each angel from the other.

I continued to sit on the bench while the last part of the first PrayerSong was finishing. Then, I started the second PrayerSong, and got up to walk.

As soon as I got up to do the second PrayerWalk, I saw another, separate line of Praying Angel Monks form, to execute the Second Prayer. That means that both PrayerWalks and PrayerSongs each have their own representation before Christ Jesus our King.

I was informed by the Lord that, as soon as their entire number was complete, they would circle the City Blocks I was in the middle of praying for, and continue praying. Two Complete Circuits, calling on the Name of Yahweh.

So I walked with both lines of Praying Angel Monks as we prayed together the PrayerSong which the Lord Holy Spirit had given us.

And I knew by the Lord that each of the Praying Angel Monks was holding the Earth-Space version of the Prayer Censer of Revelation, as it is written:

The Book of Revelation

Chapter 8

Verses 3 Through 4

*Then another angel, having a golden censer,
came and stood at the altar.*

*He was given **much incense**,
that he should offer it with **the prayers of all the saints**
upon the golden altar which was before the throne.*

*And the smoke of the incense,
with **the prayers of the saints**,
ascended before God from the angel's hand.*

Here are links to the two PrayerSongs: Letter 527, and The Book of James.

Before I performed the PrayerWalk, I asked the Lord Holy Spirit if it would result in any further conflict. He answered in the affirmative, and that night after I went to bed, I spent the first three hours laying in bed having (terminal) visions of people. These people were all HR, assigned to the Businesses and the Masonic Temple. They have all been removed and Pitted.

My two dogs also spent about two hours barking. This is something they don't normally do. I had to get out of bed twice to quiet them. But they were barking at the evil spirits who were being removed from the Snoqualmie Valley.

Blessings...
