**DREAM**  
**My Brother's Angel**  
2021-03-13

Dear **Yeshua**,

**Wednesday, 24 July 2019, 6:25AM.**

At about 2AM I woke from a dream.

**I DREAMED THAT:**

I was with a man who looked like one of my younger brothers (CB19). We were at a Store that sold upgraded circuit boards for iPhones.

As we were inside the store, while I was perusing the aisles looking at the circuit boards, the Man who looked like my Brother said:

“YOU SHOULD BUY THIS.”

To which I responded with,

“MMM, YEAH. GOOD IDEA.”

The upgraded circuit board gave one better audio and visual, and basically improved the iPhone all the way around - especially providing Seeing and Hearing improvements for the whole phone.

We then proceeded to find a Salesman who would sell me the part. It was a consumer-centric part, so after purchasing one needed to install the circuit board at Home.

**END OF DREAM.**

**Post dream analysis says that:**

After waking form the dream, I went back to sleep and sort of semi-dreamed off and on for the rest of the night. I woke up the second time for the day with sore shoulders. I also knew that the Man who looked like my Brother was one of his angels (a VR Good Guy).

This was a good sign in the dream, because I have been praying that my brothers and I would become closer, re-united since I had not been as close to my two younger brothers as I had wanted to be over the years. While we are not as distant as we once were, and routinely talk with each other over the phone, I have always wanted for the three of us to do something together.

The iPhone and the upgraded circuit board in the dream are significant for two reasons.

1. The iPhone represents a number of Gifts of the Holy Spirit in one package.
2. The Circuit Board represents an Upgrade\* to His Gifts, and especially to my Seeing and Hearing gifts.

And for some reason my Brother (CB19) is involved with this. At the very least he was encouraging me to spend my own Personal Resources to obtain the \*Greater Gifts. \*See Letters 65 and 814a.

After I went back to sleep from the dream, I spent the rest of the night dealing with HR people who needed to be removed and sent to the Pit.

Blessings...
